

MILLERSVILLE
CHRISTIAN ACADEMY

Medication Form

According to the Millersville Christian Academy's Parent-Student Handbook, if a student is required to take a prescription Medicine during the school day, MCA will store these medications in the office unless it is an inhaler or EpiPen which will be kept with the student's teacher. The student will come to the office to take their prescription medication. **All medication must be turned into the office by a parent in the original package with the prescribing doctor's name and expiration date. This form must be completed and the label must match the prescription to be able to administer any medication.**

MCA does not wish to inconvenience parents or student; our only concern is student safety and school compliance with the laws and procedures that govern these matters.

Student Name: _____

Medication: _____

Dosage Information: _____

Date(s) to be dispensed: _____

Time(s) to be dispensed: _____

Is this medicine a PRN (as needed medication) such as an inhaler, EpiPen, etc.? YES NO
